By signing below, I agree to all terms and conditions of this rental/guided tour agreement and accept all liability of any damage to the unit or property beyond normal wear during the term of the rentals/guided tours dates and any subsequent dates if my rental is extended. I can in no means hold the owners of Crazy Mountain Cycles Guided Tours and Rentals responsible. And If I damage the machine because of my driving ability or acting stupid I'm responsible for the deposit before insurance will kick in.

Primary Contract for Payment (Please Print) _____

- * **Riding Policy:** All RZR's are rented per a guided tour. Machines do not go out by them self. Reason being is because we want to make sure you get the most for your money and having you follow a paper map isn't half the fun. All rentals must follow Hatfield McCoy trails rules, meaning you must wear a helmet and goggles at all times. Everyone must take out their own insurance on the machines at the time of rental just like renting a car. Everyone has to have a Hatfield McCoy pass of \$15 per person per day.
- * **Weather Policy:** We're in WV, weather can change any minute. Rain is a great thing, makes better riding. Just like Luke Bryan said. Rain is a good thing. Because when Luke says Kick the Dust up isn't a good thing. There is no refunds for weather.
- * **Refunds:** We've got a 14-day cancelation policy just like everyone else. However, we don't live in a perfect world. Call me if something changes and we'll work with you the best we can.
- * **Deposits:** There is a 10% deposit at time of reservation
- * **Alcohol:** Is strictly prohibited
- * **Machines:** We only use Polaris RZR XP1000's to give you the best ride possible, all machines are serviced and maintained after each ride. We want all our customers to be able to come back and enjoy what we get to enjoy every day so we ask that you take care of them as if you were paying the payments on them.
- * **Insurance:** Each rider MUST take out insurance on the machine before they leave. If you are driving recklessly or any type of reckless driving that the guide may consider as harmful to yourself or others you will took back to the business and asked to leave without a refund, if you've damage the machine you are responsible for any amount up to the deductible you selected on the insurance and the first \$1000. (Example) If you chose the \$500 deductible then that's your responsibility plus \$1000, = \$1500 if you chose \$2500 then your responsibility would be \$3500
- * **Equipment Rentals and sales:** Helmets are for rent per day \$15, Goggles are for sale \$19.99.
